## Positive Results Because of OUR Supporters!

The responses to the **Buy American Made Campaign** continue to grow and reflect a **POSITIVE change in the way Americans** are thinking and reacting to our campaign to restore jobs and America's economy.

The  
Labels

As we continue in our efforts, I ask that you remember that **America's WORKERS and America's CONSUMERS are the same people**. Therefore by supporting one another, all Americans benefit in the long-run. Therefore, before you make any purchase, **look at the labels to see if your purchase will benefit American workers**.

The goal of all our efforts is to have **business investors and American workers benefit together**. Businesses need to make a profit to remain in business and workers need employment opportunities to support themselves. By directing our purchasing power to products made in America **we support the private sector businesses still operating in the U.S.A. and workers presently employed**. From the reports I hear, there are a growing number of businesses working hard to expand their product lines in the U.S.A. They need your **support to expand and restore jobs in the United States of America, so look for American made label FIRST**.

**Once again**, the **Buy American Made Campaign** in conjunction with American Workers Radio will promote **November as American Made Month**. For complete details about this effort visit our internet site: [AmericanMadeMonth.com](http://AmericanMadeMonth.com). There is also a link for the **November** event on the front page of: [AmericanWorkersRadio.com](http://AmericanWorkersRadio.com).

Thanks for your participation and for spreading the word about the efforts of the Buy American Made Campaign.
