America's Businesses Need Your Business!

With the 2018 Holiday Shopping season in full swing, America's businesses are very grateful to shoppers supporting their stores. **As you're out shopping, I encourage you to look at labels and do your best to support the establishment offering a reasonable selection of American Made products.**

**THE HOLIDAY SHOPPING
SEASON IS HERE.
SUPPORT AMERICAN WORKERS!**

Supporters of the **Buy American Made Campaign** urge everyone to let others know what stores they find that are offering a reasonable selection of American made items and encourage others to shop there.

Over the years consumers told me that foreign made labels were widely viewed as products that saved America's consumers money. However, today America's consumers view the imbalance between foreign and American made as hurtful to working-age and able-bodied Americans and agree that **our focus to support American made products and services has been creating millions of new jobs in the United States.**

A special thanks to everyone promoting **November as "American Made Month"**. Each one of our special campaigns that are part of our **Buy American Made efforts** has demonstrated what can be done when America's consumers go out of their way to support **American Made FIRST**. As we continue to work together like family and friends looking out for each other's well-being, we will see even more positive results in the future.
