Let's All Help America's Small Businesses!

American Workers Radio, Local Businesses Owners and Small Business Associations are proud to promote December as National Small Business Month.

The response to the [December, National Small Business Month](#) effort has been very good, and we thank the individuals, small businesses, business associations and the media for helping promote the importance of shopping at local businesses.

Americans will be celebrating several special holiday occasions during December, and everyone is asked to be an Ambassador of the [December "National Small Business Month"](#) campaign and all efforts that benefit American workers.

To help promote the campaign there is a poster on the front page of AmericanWorkersRadio.com. The [POSTER](#) can be printed out and displayed by Small Businesses to let customers know they Welcome Your Business and are Supporters of **National Small Business Month**.

There is NO QUESTION that the coronavirus pandemic has placed a lot of stress on America's businesses and American workers. This is another reason why it is important for us to support American workers and the products they make and the services they provide to their customers.

Kindly spread this information to your family and friends and thanks for your participation. You can email your comments and suggestions to Michael@AmericanWorkersRadio.com.
