Together WE Are Making it Happen!

During this festive holiday season, all of us involved in the **Buy American Made Campaign** thank you for supporting our efforts. As you celebrate with family and friends let them know about our efforts to restore jobs in the United States and cut back on the foreign made products so we **restore a more reasonable balance of American made items sold in America's stores and on the Internet. Consider how many more jobs we would have in the United States if just 50% of what is sold in America was made in America.**

As you shop look for the items you need and support the small, medium and large businesses that are manufacturing and employing people in the United States of America. For over 30 years, **many stores in America simply became outlets for foreign made products because foreign made items became the only items available to stores from their suppliers. Today that is changing** and you are urged to support the products made, assembled and distributed by America's businesses employing American workers.

During your holiday celebrations, let everyone know you're a **Buy American Made Campaign** supporter and invite them to visit our Internet sites.

- AmericanWorkersNeedYou.com
- NationalSmallBusinessWeekend.com
- AmericanMadeMonth.com

Each of these Internet sites represents our grass roots campaigns to **unite and inform millions of people about the importance of restoring jobs and job skills in the United States.** With your help we will continue to see even more success in the future.

Best wishes to you and yours for a **Merry Christmas and Season's Greetings** to all supporters of the **Buy American Made Campaign.**
