Resolutions That Benefit American Workers!

During 2018 we are encouraging America's businesses to highlight on their labels and packaging that their products are made or assembled in the United States of America. A well presented label will alert customers at stores and on the Internet that the products they are looking at are **Made in America**. Highlighting the **American Made Label** allows consumers to know immediately that American workers are employed in production, packaging, shipping, selling, management, research and development and servicing the products.

Each year we also ask our supporters to promote a few **Resolutions That Benefit America and Americans**. They are resolutions that are easy to accomplish and the end result benefits working age and able-bodied Americans who need and appreciate jobs.

The following resolutions will help promote our efforts:

- 1. Before you make a purchase look at the label and packaging to see exactly where the item was made. If you don't find a reasonable selection of American made products, bring your concerns to the attention of store personnel and consider shopping elsewhere.**
- 2. Go out of your way to shop at your local stores. For the last few years we have sponsored a special initiative, "National Small Business Weekend," which takes place on the FIRST Friday, Saturday and Sunday of EVERY MONTH. Supporting your local businesses throughout the year and during "National Small Business Weekend" helps maintain more than 60 million jobs across the U.S.A.**
- 3. Contact your family and friends and ask them to support the Buy American Made Campaign. We all want to see the job situation improve in America, and one major way we can help expand and restore employment opportunities is to shop at and promote the stores that are offering a reasonable selection of American made items.**

Our resolutions are focused on restoring industries and working toward a **50/50 balance** between foreign and American made items sold in America's stores. Your participation is very important. For more information visit our Internet sites:

Best wishes for a very Happy New Year filled with peace, happiness and prosperity. With your participation, 2018 will be a great year!
