Be a Patriotic American Shopper!

In 1999, we first began to promote the **American Workers Need You** campaign; today tens of millions Americans are supporting this effort. **Our goals are the same; we're looking to restore at least a 50/50 balance of what is sold in America's stores with a made in the U.S.A. label so we can restore thousands of industries which would manufacture a competitive line of products once made in the United States that left America for foreign countries creating millions of jobs outside of the United States.**

Compliments to everyone promoting American Workers Need You campaign and American Workers Radio. Together we have helped slow down the loss of industries leaving America and helped maintain and create more job opportunities for people of many nationalities in cities and states across the United States that we proudly call the **Great Mosaic of America.**

At this time, everyone is encouraged to **Be A Patriotic American Shopper and support the American workers and products and services they represent.** Made in America represents a wide variety of manufacturers, distributors, service providers at stores in local neighborhoods and malls who all depend on your purchases to remain in business and keep people employed.

For many years, Americans filled their shopping bags with foreign made items without fully understanding the plight of American workers. Now that we are more united, it is important for us to be a Patriotic American shopper and add to the success of the **Buy American Made Campaign** which is focused on more jobs for our fellow Americans who need and appreciate us supporting the Made in America message.

Thanks for spreading the word.

This is Michael Blichasz. Every Wednesday from **11 A.M. to 12 noon, tune in to American Workers Radio on 860 AM serving Philadelphia and the Tri-State area.** You can also listen live or to rebroadcasts from anywhere in the world **24 hours-a-day** from the easy access links located on the front page of: AmericanWorkersRadio.com.
