## **Manufacturing, Distribution & Sales!**

**It is good to see a growing number of people going out of the way to support efforts to restore prosperity in America** and address the need for lasting employment opportunities to increase manufacturing, distribution, and sales of American made products.

**Use YOUR  
Purchasing  
POWER!**

In order for us to **fully restore America's economy, the American people must be more selective of what we decide to purchase or consciously decide not to purchase.** We America's consumers need to **make it known to business owners and investors that we are seeking to purchase products with made in America labels** at both brick and mortar stores and on the Internet.

It is important for the long-term goal of the American people to **produce quality and competitive products that will be available side-by-side with the foreign made products** now filling so many American stores. Our most important goal is to expand employment opportunities of every type and prepare workers with the job skills needed by businesses in America today and in the future. Our supporters are asked to contact local School Boards to **expand Industrial Arts Programs in High Schools to ensure that job opportunities for American workers will continue to grow and not be shipped around the world.**

It is good to hear more radio, newspaper, Internet and television reports promoting the **Buy American Made Campaign.** They have added to the momentum and desire for change that the American people want. I urge you to help keep the momentum going by inviting your family and friends to support the efforts of the **Buy American Made Campaign** which encourages America's businesses to highlight on their labels and packaging that their products are made in the United States of America.

Thanks for your participation and remember that American workers and future generations in America are depending on us. Email your suggestion to: [Michael@AmericanWorkersRadio.com](mailto:Michael@AmericanWorkersRadio.com).

This is Michael Blichasz. Every Wednesday from **11 A.M. to 12 noon, tune in to American Workers Radio on 860 AM serving Philadelphia and the Tri-State area.** You can also listen live or to rebroadcasts from anywhere in the world **24 hours-a-day** from the easy access links located on the front page of: [AmericanWorkersRadio.com](http://AmericanWorkersRadio.com).
