Math Matters and Numbers Don't Lie!

The title of today's commentary "**Math Matters and Numbers Don't Lie**", brings attention to additional reasons for you and I to support the Buy American Made Campaign. With all the **INFLATION** Americans have experienced in the last few years, the facts and figures discussed on radio programs, in newspapers and on the Internet are fully outlined on the [United States DEBT CLOCK](#), which is linked on the front page of [AmericanWorkersRadio.com](#).

The facts and figures on the **U.S. Debt Clock** are directly from the **United States Government Census Bureau and the Department of Labor**. They outline where America has been and where America is headed and demonstrates how important it is for us to be **UNITED to improve our future**. I encourage you to review the information on the **U.S. Debt Clock** and contact your local, state and national elected leaders to voice your concerns for **America's future**.

As of the date of this commentary:

- **336 Million People live in America as of March 2024.**
- **161 Million Americans have full or part time jobs.**
- **20 Million Plus Americans could be trained to fill full or part time jobs which would encourage more businesses to expand in the United States and return to America.**
- **58 Million Americans are now retired.**
- **43 Million Americans are listed as living in poverty.**
- **Millions of working age and able bodied people can be trained for jobs that will increase their income.**
- **America's national debt is now over 34 Trillion dollars.**
- **America's High School student's needs to have more access to job training classes while in America's public High Schools.**

These are just a few of the facts and figures that should be discussed and addressed by America's elected leaders. It's important for all of us to be aware of what is happening in America and not only talk about issues, but **have ACTION taken by local, state and national elected officials**, who are paid by taxpayers to look out for needs of people.

Your support for America's businesses and American made products **is helping maintain the jobs** we have in America and also encouraging businesses to expand their made in the U.S.A. product lines.
Thanks for spreading the word.

This is Michael Blichasz. Every Wednesday from **11 A.M. to 12 noon, tune in to American Workers Radio on 860 AM serving Philadelphia and the Tri-State area.** You can also listen live or to rebroadcasts from anywhere in the world **24 hours-a-day** from the easy access links located on the front page of: AmericanWorkersRadio.com.
