**Commentary from Saturday, April 11, 2009**

---

During this special time of year as you gather with family and friends, I ask that you continue to promote the campaign to Support American Workers and American made products.

As Americans, we stand together during times of need and I can see by the responses I receive that America will continue on the road to recovery as long as its people continue to look out for the well-being of American workers and the businesses that employ them.

This recession has been the wake-up call needed to help unite our efforts to maintain and expand production of American made products. Without a renewed manufacturing base, several levels of employment opportunities like: service people, salespeople, office staff, managers and many others will continue to decline.

These have been extraordinary times, and it's time for extraordinary action, so I urge you to do your part and support American workers every time you go shopping.

This is **Michael Blichasz**, and as always, I appreciate hearing from you. I welcome your comments and suggestions and ask that you spread the word to others. You can Email me from my Internet site at: [AmericanWorkersNeedYou.com](http://AmericanWorkersNeedYou.com)
