We Cannot Replace Time!

All of us are watching the stress caused by the spread of the **Coronavirus** in America and around the world. It has certainly been a life changing event for many people, but **we will get past this difficult time in American and world history.**

**Buying American
Does Make A Difference!**

As the Coronavirus is being resolved by government and health care leaders, we have to remain focused on the positive efforts of the **Buy American Made Campaign** which has already done its part to unite America's consumers. Since more people have been speaking up about the imbalance between American made and foreign made products sold in the United States, **America's consumers continue to change the way business is being done in recent years and the way business will be done in the future.**

By **speaking up in support of American made**, business owners and merchandisers continue to look to offer more American made to store owners in order to address the requests of America's consumers.

As store owners, sales clerks and cashiers directly hear from customers spending dollars in their stores, a growing number of American made products were being offered for sale. **Once the Coronavirus is resolved and businesses and people get back to normal, it will be extremely important for all of us to go out of our way to support America's businesses, American workers and the businesses offering a growing selection of American made products.**

Kindly spread the word to your family and friends.

This is Michael Blichasz. I appreciate hearing from you. **My email address is:** Michael@AmericanWorkersRadio.com. Every Wednesday from 11 A.M. to 12 noon, tune in to American Workers Radio on 860 AM serving Philadelphia and the Tri-State area.
