Don't Stop Asking Questions!

As the American people speak up, ask questions, and expect answers, we see a lot of new concerns from businesses and elected officials. Americans are asking, **WHY did so many businesses leave America and what is the actual cost of running America's government?** In the real world if something is wrong, you try to fix it. If something costs more than you can afford, you work to lower costs. **Unfortunately, these principals have not been followed during the last 35 years.** We have tens-of-millions of Americans that should be fully employed making and distributing products made in AMERICA. This is how things were done 35 years ago.

Here are just a few of the most frequently asked questions:

- 1. What is being done to improve employment opportunities in America?**
- 2. What did America's leaders do as millions of jobs were being lost to foreign countries?**
- 3. Who in government is working to justify America's 34 TRILLION dollar debt, and who is in charge of solving the rising debt in America which affects EVERY American?**
- 4. With hundreds of billions of our tax dollars spent on education, why are there not enough graduates ready and able to enter America's workforce?**
- 5. With so much spent on education, why is it necessary to welcome foreign workers to fill jobs in the United States?**

As time goes on and people find themselves faced with the rising cost of living, they want to see America's economy restored to where it should be. **People want to know if government dollars are directed to services needed and requested by the American people. They also want to know if government is spending their dollars on products that employ American workers.**

Our supporters are helping make the new age of awareness come about in America, and **your help is needed to ensure that Americans are employed and have job skills.**

Thanks for speaking up in support of American workers. Email your comments and suggestions to:
Michael@AmericanWorkersRadio.com.

This is Michael Blichasz. Every Wednesday from **11 A.M. to 12 noon, tune in to American Workers Radio on 860 AM serving Philadelphia and the Tri-State area.** You can also listen live or
