America's Consumers Must Be the Leading Force!

As the American people direct more of their spending power to support the businesses manufacturing, distributing and selling items proudly Made in the United States of America, it is **WE, America's consumers, are CREATING more opportunities to increase Manufacturing, Distribution, Sales, and Demand for American made products every time we purchase American Made.**

**Use YOUR
Purchasing
POWER!**

It is good to hear growing reports that Americans are making it known that they want more American Made products where we shop which will create more sustainable employment opportunities and skilled jobs for their families and friends. **Buying more American Made increases manufacturing, distribution, and sales of American made products in the United States.** We can also focus on distributing America made products for sale around the world as we did for over two centuries.

The long-term goal of the **Buy American Made Campaign** is to produce quality and competitive products that can be sold side-by-side on store shelves with the foreign made products that now fill America's stores. **We should have never allowed it to get to this point during the last 35 years where we are now seeing more FOREIGN MADE products rather than American made products sold in America's stores.**

It is extremely important that newspaper, radio and television programs report on the commitment of the American people to support the **Buy American Made Campaign**. With everyone working together we can add to the momentum of our campaign and be able to **increase the circulation of the Made in America label and see more long lasting jobs available in the United States.**

Thanks for your participation and for spreading the word.

This is Michael Blichasz. Every Wednesday from 11 A.M. to 12 noon, tune in to **American Workers Radio on 860 AM** serving Philadelphia and the Tri-State area. You can also listen live or to rebroadcasts from anywhere in the world from the easy access links located on the front page of: AmericanWorkersRadio.com.
