## **America's Independence and Prosperity First!**

**240 years ago on the 4th of July**, America's founding fathers signed the Declaration of Independence. They did it to become a free and independent nation, a place of freedom, peace, justice and prosperity.

**For 240 years**, people of all nations and creeds journeyed to America in search of those ideals. As we celebrate America's Independence, I ask that you take a good look at present day job opportunities and consider how important it is for all of us to restore large numbers of the jobs America lost as a result of outsourcing manufacturing and restore prosperity in the U.S.A. in a reasonable amount of time.

**America is the greatest nation on earth.** However, in recent years we watched our nation's manufacturing base be controlled by businesses that decided to move their manufacturing overseas to increase their profits, but still wanted America to be the ongoing sales point for their products. By bypassing American workers in search of higher profits there has been a major decline in job opportunities and job skills, which adds up to hardship for a growing number of working-age and able-bodied Americans. With fewer jobs now available, Americans of all ages see the need to be more selective in what they purchase. By being more selective in our purchases, Americans have been helping maintain and restore job opportunities for family, friends and neighbors, new high school and college graduates, veterans and all people of all ages. We have done a lot of good in recent years and we really should be receiving major support from America's elected leaders who are fully paid with our tax dollars.

As we celebrate America's Independence, it is a good time to look back at what America's founding fathers had in mind for our nation's future. **Spread the word, look for, ask for and go out of your way to buy American made products so we are all part of the effort to restore America's employment base, prosperity and economy.** Thanks for your participation. **Email me at: [Michael@AmericanWorkersRadio.com](mailto:Michael@AmericanWorkersRadio.com)**

This is Michael Blichasz. Every Wednesday from 11 A.M. to 12 noon, tune in to American Workers Radio on 860 AM serving Philadelphia and the Tri-State area. You can also listen live or to rebroadcasts from anywhere in the world from the easy access links located on the front page of:
