### **American Workers & Businesses Need Us Every Day!**

At this special time of year you will have many opportunities to meet with family and friends. Your words and your actions in support of American made products are helping change the future of America. **Be sure to take every opportunity to discuss the Buy American Made Campaign** and encourage everyone to support American workers and the businesses that employ them.

**Use YOUR  
Purchasing  
POWER!**

Together we have been demonstrating our support for the American based businesses already producing products with American made labels. **Together we have been urging them to expand their production lines and produce more of the products we use most often**, which in more recent years, are largely being made outside of America. **With more of us speaking up** about the imbalance between American made and foreign made and **spending more of our hard-earned dollars in support of American made** there has been a new interest by business owners and investors to expand operations in America which will increase the circulation of the American made label.

We all know that in recent years many people have been shopping at brick and mortar stores as well as on the Internet. Our campaign is not seeking to change where people shop, but to insure that wherever we shop there is a realistic balance of American made items available for us to choose from. In the last few years store owners have continued to report that they have been trying to feature a larger selection of American made items for their customers. **In order to encourage more businesses to invest in America speak up where you shop and direct more of your spending power in support of the American made label.**

With your participation we will continue to create more jobs for American workers which in the long run will benefit every man, woman and child in our great country.

Spread the word and ask your family and friends to support the **Buy American Made Campaign so we can get more people back to work and more American made labels in circulation.**

This is Michael Blichasz. **Every Wednesday from 11 A.M. to 12 noon**, tune in to **American Workers Radio** on 860 AM serving Philadelphia and the Tri-State area. You can also **listen live or to rebroadcasts** from anywhere in the world from the easy access links located on the front page of: [AmericanWorkersRadio.com](http://AmericanWorkersRadio.com).
