Thanks For Helping Create Jobs in the U.S.A.!

From time to time it is important that we acknowledge everyone who is helping promote our efforts to restore jobs and job skills in America. Special THANKS to members of the media that are supporting our efforts on the radio, television, internet sites, social media, in newspapers, at organization meetings, as well as individuals discussing our efforts by sharing **Buy American Made Campaign** information with family members and friends.

As our young people begin the new school year, **parents of America's students are urged to contact national and state level leaders and local school boards to restore trade and technology classes** in more of America's schools so America's young people are ready for the new workplace in the United States before they graduate. There has been some movement to restore all levels of education in America's schools, **which will help expand jobs, job skills, and long term prosperity for American workers and America's economy.**

With more people looking to support America's businesses and American workers, we see more businesses expanding in the United States. Additionally, **federal tax cuts and eliminating unnecessary regulations on businesses has helped to make America a better place to do business.** With your participation more of our dollars are being circulated in the nation where we live and want to thrive, which is a major key to our success.

Thanks for spreading the word about our positive efforts. We need your help!

This is Michael Blichasz. I appreciate hearing from you. My email address is:

Michael@AmericanWorkersRadio.com. Every Wednesday from 11 A.M. to 12 noon, tune in to **American Workers Radio** on 860 AM serving Philadelphia and the Tri-State area. You can also listen live or to rebroadcasts from anywhere in the world from the easy access links located on the front page of: **AmericanWorkersRadio.com**
