[Audio Message](#) 

The Change of Season Brings More Opportunities!

As we come to the end of the summer season, it is important to thank supporters of the **Buy American Made Campaign** and [American Workers Radio](#) for helping to spread the message of our efforts to restore jobs in the United States of America. There is no doubt that we are in a time of change in America and because so many **Americans have been speaking up**, we continue to receive a growing amount of support from radio and television broadcasters, newspapers, Internet sites and tens of millions of individuals promoting our message.

Expanding businesses making, distributing and selling products with **Made in the U.S.A. labels** is not only being discussed but actions are being taken to expand manufacturing lines to meet the demand of consumers for products made and assembled in the United States.

**70% of America's Economy is Based
on Consumer Sales.**

**How Much of it is
Made in America?**

RIGHT NOW 70% of America's economy is still based on Americans spending their dollars on purchasing products and services. If 70% of our nation's economy represent Americans purchasing durable goods like clothing, household needs, electronics and hundreds of others, it would be best if 70% of the purchases we make represent products made in America so we can **restore tens-of-millions of additional jobs for American workers.**

Manufacturing what we use on a regular basis was the cornerstone of America's economy for hundreds of years. Restoring the cornerstone of America is what our movement has been all about for many years. **Thanks for looking at labels and spending more of your dollars on American made**, which will help restore jobs for working-age and able-bodied Americans who want to be able to support themselves and their families.

Thanks for spreading the word and invite others to support our efforts. For more information visit: AmericanWorkersRadio.com, which has several links promoting ways to support American workers and America's economy.

This is Michael Blichasz. Every Wednesday from 11 A.M. to 12 noon, tune in to **American Workers Radio on 860 AM serving Philadelphia and the Tri-State area.** You can also listen live or to rebroadcasts from anywhere in the world from the easy access links located on the front page of: AmericanWorkersRadio.com.
