Support American Workers First!

In the last twenty years the **Buy American Made Campaign** has promoted the restoration of a **BALANCE of American made labels side-by-side with the foreign made products** that now fill America's stores. I'm pleased to report that our **supporters have been making a MAJOR difference** with the **Made in America Campaign** which continues to encourage businesses to expand in the United States and **employ American workers**.

As our efforts continue, I see that store owners and managers are concerned by questions from customers like "I'm looking for a particular Item, but **I want it made in America.**" This type of question is causing concerns for businesses in America because they clearly see for themselves that their stores have become sales points for foreign made products. **Customers voicing dissatisfaction** and deciding to shop around **has affected the bottom line of foreign made sales**, and has helped sales of American made products.

Until we reach a point where no less than **50% of the clothing, electronics and household items sold in America have MADE IN THE U.S.A.** labels, I urge you to voice your concerns and circulate more of your dollars on products made in the U.S.A. so you family, friends and neighbors are able to be employed.

On **November 1st** we will begin November as "**American Made Month**". This campaign brings additional attention to American based businesses and jobs for American workers. For more information visit our Internet site at: AmericanMadeMonth.com.

Thanks for your participation and thanks for spreading the word.

This is Michael Blichasz. I appreciate hearing from you. My email address is: Michael@AmericanWorkersRadio.com. Every

Wednesday from 11 A.M. to 12 noon, tune in to **American Workers Radio** on 860 AM serving Philadelphia and the Tri-State area. You can also listen live or to rebroadcasts from anywhere in the world from the easy access links located on the front page of: AmericanWorkersRadio.com
