Looking Out for Our Fellow Americans!

The Celebration of **November** as [American Made Month](#) is another opportunity for America's consumers to look out for our fellow Americans and help the businesses that employ them to remain in business.

During **American Made Month** and throughout the upcoming holiday shopping season, we ask all supporters to focus on the **Buy American Made Campaign** and support American made as often as possible. We all see a **better employment situation happening in the United States**, which has mainly come about as a result of more American consumers supporting efforts like the Buy American Made Campaign. Together, we are leading the way and together we will see even more positive results if we **support American workers FIRST, which also helps America's businesses and America's economy.**

As we continue to promote the businesses making and selling products in the United States, **forward our message and our Internet address to everyone you know.** For more information visit: AmericanWorkersRadio.com where there are several links promoting our efforts. Thanks for spreading the word.
