## The Year of American Made!

Supporters of the **Buy American Made Campaign** and **American Workers Radio** can look with pride at our efforts during 2013. **Together we have generated the support of millions of Americans and I'm encouraging everyone to help us make 2014 the Year of American Made.**

Our supporters understand that as America's consumers we can not continue to do nothing and expect things to change on their own. We also see that our **ACTIONS SPEAK LOUDER THAN WORDS!** By using our spending power to support the work and skills of **American workers FIRST**, we are seeing more American made items for sale at a growing number of stores.

**Help us make  
2014 the Year of  
American Made**

Because of our grass-roots efforts, **radio, Internet and newspaper commentaries, a growing number of media outlets, millions of Americans are spreading the word, and positive change is happening.** From what I see our efforts are more effective than all of America's national leaders combined. In fact I struggle to list the names of any national leaders that have gone out of their way to get business leaders, investors, and America's workforce together. **National leaders should take the example from state and local leaders to look for every opportunity possible to expand and restore jobs in the U.S.A.**

Thank you for your ongoing support. **I urge you to promote our efforts during 2014, so we can create more jobs in America.**

Happy New Year and thanks for spreading the word.

This is Michael Blichasz. I am pleased to hear from our supporters. I invite you to listen to **American Workers Radio** every Wednesday from 11 A.M. to 12 Noon on 860 AM Radio, broadcasting in Philadelphia and the TriState area.
