## Our Efforts Are Helping American Workers!

As we begin the 2020 summer season, **we are all pleased to see more of America's businesses able to open once again after the pandemic that originated in China spread around the world and across America.** The coronavirus pandemic, a major health risk to people of all ages, caused schools and organizations and businesses all over the United States to close to protect the well-being of the people. In the United States, over **40 million people that were employed needed to file for unemployment** and remain home to reduce the spread of the coronavirus also referred to as COVID-19. After watching what happened in America since the middle of March, it is good to see more of America returning to a level of normalcy as we begin the 2020 summer season.

### CoronaVirus A Wake Up Call

Supporters of the **Buy American Made Campaign** are asked to continue promoting the Made in America message so that the 40 million people that were unemployed during the pandemic will be called back to work. **It is often said that a crisis unites people, and**

**I'm looking for this crisis to unite us.** With your help we will unite even more people and have even more people looking for, asking for and circulating more of their dollars at businesses employing American workers and featuring American made products.

Best wishes to all of you and thanks for promoting our efforts.
