## Support American Workers Every Day!

Every day presents a **new opportunity for each us to direct our buying power to support American workers**. During the last few years, it has been great to hear that store owners are reporting that they are working hard to get a larger selection of American made items from their suppliers.

Receiving feedback from store owners and our supporters has been helping everyone to focus on a **SINGULAR, COMMON GOAL, "WE NEED MORE JOBS IN AMERICA"** and we need more **AMERICAN MADE PRODUCTS** available for sale in America's stores and on the Internet.

In the last few years business owners have seen that people without jobs are focused on basic life needs and are directing more of their spending power to purchase **American made items**. Our effort to **support American workers** may take a little extra time, but the message regarding more American Made is being heard by business owners and the American people.

Every day millions of quality people are available for jobs ranging from manufacturing to management. **With your cooperation every day presents additional opportunities to move American made products off store shelves**. With your participation we will continue to create more jobs, which in the long run, will benefit every man, woman and child in our great country.

Spread the word and ask your family and friends to support the **Buy American Made Campaign** and thanks for your participation.
